Micah Howard Speaking:

The whole idea behind this is to capture these stories and share them with the world. Believe it or not, 15% of the videos we've already produced are making it outside of the country. That's amazing! It's awesome, and we're so grateful for that.

Ultimately, our goal is to encourage, uplift, and edify people with the message of Jesus and what He is doing right now, today. But as Pastor mentioned, there's another purpose to this. When we, the church body, are no longer here, how will the people who are still here come to know about Jesus and how He impacted our lives while we were here?

The answer is through the media.

We're also working on other projects, like thumb drives and resources, that we can leave behind for family members and others. These tools will help spread the message of Jesus even after we're gone.
